Education

National Institute Of Technology Durgapur

in Computer Science And Engineering (CGPA - 8.41)

Aug. 2020 – May 2024

Durgapur, West Bengal

Coursework: Operating System, Computer Network, Artificial Intelligence, Machine Learning, Object-Oriented Programming, Data Structures And Algorithm, Database Management System, Data Science

Experience

Rodic Consultants

jun 2024 – Present

Software Developer(Assistant Manager) ASP.NET Core, MySQL, PgSQL, SSMS, AdminPg, Blazor, MVC

- Designed and developed complex **PostgreSQL** databases for multiple state-level infrastructure **PMS applications** (*MSIDC, Bihar ADB, GUDC, GHB*), each with up to 170 tables, 550 functions, 30 views and handling 400GB+ of data, leveraging **advanced PostgreSQL** features such as cursor, triggers, window function and job scheduling for automation
- Led** small cross-functional teams through the **full development lifecycle** from **gathering client requirements**, designing databases, assigning tasks to team members and monitoring their progress **throughout development**
- Developed **12+ functional** modules using **ASP.NET Core** with **MVC architecture**, including end-to-end implementation of **Portfolio Dashboards**, Document Management, Utility Tracking, and Progress Monitoring. Work included **backend API development**, complex business logic integration, and dynamic frontend interfaces using **CSHTML page**, ensuring responsive, **data-driven UI** and seamless client interactions.
- Collaborated with clients** from major infrastructure bodies: *MSIDC, Bihar ADB, GUDC, GHB*.

Outlier.Ai (Freelancing)

Jan 2024 – Present

LLM Trainer Python, Data Science, Programming, Mathematics, Statistics 🧠

- Trained and fine-tuned over 10 LLMs, including **Google's Gemini**, for fields like coding, **data science**, and mathematics, ensuring high accuracy and problem-solving capability.
- Conducted **structured prompt-response evaluations** on LLM outputs using a comprehensive **12-point rubric**. Labeled and scored **1,000+ model responses**, improving response quality and **benchmark accuracy** by 20%.

Celebal Technology

May 2023 – Aug 2023

Data Science intern —Python, Pandas, Seaborn, Matplotlib, NLTK, Scikit-learn, Data Science— 🧠

- Fake News Detection 🧠:** Engineered a highly accurate system using Machine Learning, achieving a remarkable 98% accuracy rate by rigorously testing 5 algorithms on datasets with over 50 features to ensure robust model performance.
- Enhanced data integrity through cleaning and refining datasets of 10,000 entries, using data visualization to improve clarity and insights, boosting system reliability in detecting misinformation.

Projects

Medical Appointment Booking System 🧠 | ReactJs, NodeJs, MongoDB, Express, Rest API, TailwindCSS

Nov 2022

- Spearheaded a secure **MERN app** for Medical Bookings, focusing on simplicity and healthcare management, implementing encryption, JWT authentication, and integrating Stripe for secure transactions across 10 intuitive pages.
- Collaborated with a 5-member team, using Git to manage over 200 modifications and tasks, while optimizing an Express/MongoDB API for seamless data management.

SQLGenie -Intelligent SQL Analytics Generation Tool 🧠 | ReactJS, Node.js, JavaScript, SQL, OpenAI

Jan 2024

- Built a web application that **auto-generates SQL code** from custom-designed database schemas using an **intuitive drag-and-drop UI** built with **React** and the **react-flow** library.
- Integrated **OpenAI** to convert natural language into accurate, schema-aware analytical SQL queries, enabling non-technical users to perform effortless data analysis and extract insights.

Skills

Languages:	C, C++, C#, Python , JavaScript, HTML/CSS
Frameworks:	ReactJs, ExpressJs, NodeJs, ASP.NET Core, Blazor, Bootstrap, TailwindCSS
Databases:	MongoDB, MySQL, PostgreSQL, Data Science
Developer Tools:	Visual Studio, Postman, PowerBI, SSMS, PgAdmin
Soft Skills:	Team player, Problem solving, Communication, Self-learner , Adaptability

Leadership

Raza Foundation

May 2020 – Present

Co-founder

NGO

- Initiated **Raza Foundation**, a non-profit organization committed to delivering free education and social upliftment, and established a free school 🧠 that serves over 100 underserved students under the motto "Free Education for All..
- Lead a diverse team of 80+ members focused on developing innovative solutions for educational and social challenges, organizing 10+ seminars on education and 15+ workshops on skill development.
